WATs4U is a job board gathering **50,000 selected job positions** per year for **350,000 graduates** of most prestigious engineering and management schools. The aims are to facilitate the career development of each graduate individually so that their career reflects their unique talents and to enable access to an exclusive community of the highest quality candidates for recruiters.

Through **WATs4U**, you can access **GoinGlobal** which offers information - for example on the cost of renting an apartment in Shanghai, job prospects in Brazil, the top management consulting firms in London, how the Norwegian economy is doing or the visa requirements for Australia, etc...

The 3 main sections are : **40 Country Career Guides** (job search engines, economic or employment trends, work permits/visas, salary information, cultural information) ; a **Global Key Employer Directory** and a **Job Search Engine** (aggregates countless other search engines, job offers worldwide, many in local languages).

Did you know?

The UK's so-called 'creative economy,' which encompasses the music, film, television, advertising, arts, publishing, and supporting digital and telecommunications sectors, has been cited as one of the key engines driving the economy. The creative industries provide jobs for more than 2 million workers.
